CLAY CITY, KY., THURSDAY, MAY 6, 1909.

NO. 18.

HIGH WATERS.

The heavy rainfall Thursday and Friday so swelled Red river that it reached the danger line Saturday. The Walters' Ferry bridge two miles south of the city and the bridge in this city were put out of use late Friday evening, but the worst had not come till Saturday morning when it was found that on the night before the high waters had washed down the two piers on this side of the bridge in this city leaving it one end on the floating logs and the other on the two tubes across the river. Two bents of the trestle to the Walters' Ferry bridge was washed down Sunday, thus now these two bridges are out of use.

Brodhead-Garrett Co., which had a log jam above the bridge in this city assumed the responsibility for its washing out and has let the contract for its reconstruction to the Champion Bridge Company the same to be replaced soon as possible. Two new piers will have to be put in as the old ones are now no good.

The approach washed out at the Walters' Ferry bridge will be replaced by Saturday so that travel may be resumed over it.

In rebuilding the bridge in this city without a demand from any officials Brodhead-Garrett Company has convinced the public that they are more than fair men. They do not have to be driven to their duty. They have always shown this spirit of fairness since located in our city, and by so doing, they have won the best wishes of all the people in the county. Our city and county needs more such concerns in their midst and such will always receive a hearty welcome, realizing as we do that great benefits are to be gained by their coming.

CHRISTIAN ENDEAVOR.

Benediction.

Members who have not paid their dues will please come prepared to do so at this meeting.

J. W. Womack, District Deputy Head Consul with jurisdiction over this territory is in the city to institute a local camp of Modern Woodmen. The Times looks upon the order in the most favorable light, and believes it to be a means of greatly bettering the morals of any community. We trust Mr. Womack will succeed in instituting the camp, and we believe he will.

When you come to the big show the 20th call in and renew your subscription.

It will pay you to look at our line of Men's, Boys' and Youth's Clothing before making your purchase. Hardwick & Co., Stanton.

Kentucky Crop Report.

Commissioner of Agriculture M. O. Rankin gave out the department's report on crop conditions in Kentucky on May 1st. It says:

Much rain has fallen during the past month, causing much damage in many sections of the State.

Wheat is generally in very poor condition for the time of year, but with good growing weather we may expect a fairly good crop.

Hemp looks well and promises a large crop. Some large growers are planting a larger crop than ever before.

Fruit has been damaged in some localities, especially peaches, plums and cherries, but there is a good prospect for a large crop of apples and grapes.

The prospect for the oats crop is better than this time last year.

An unusually large crop of tobacco is promised exceeding almost all records, especially is this so in regard to Burley tobacco. About an average crop of dark tobacco will be planted. Tobacco plants are not as far advanced as they should be on account of so much cool weather.

Live stock is in fairly good condition and a decrease of cattle and hogs are shown on account of high prices of feed. An increase of sheep is shown in many counties of the State.

A large corn crop will be planted, due in a large measure to the farmer using pure bred seed corn.

There is a small acreage of rye and barley grown in the State and both are looking fairly good.

Clover is in a poor condition. Alfalfa looks well and the acreage is being increased throughout the entire State.

A Great Favor.

Some people seem to have the idea that a great privilege is being conferred on them if they are permitted to give an item of news to a newspaper, hence, the editor fails to learn of many important news items. Not so here, declares the Fairport (N. Y.) Herald. We want the news. We will take it over the telephone, over the counter, on the street, any hour of the day or night, and be thankful for it. We are out for the news, and if you know of anything in our line, it will be considered a favor and no breach of propriety on your part if you will communicate the fact to this office. If you do not know all the details, give us the tip, and we will do the rest; that is part of our business.

A Texan wants \$10,000,000 expended in the level plains of his state in trying to attract the planet Mars. To this the Courier Journal adds:

What would seem to be more feasible than a signal from the earth to Mars is a signal from Mars to the earth. If we didn't succeed in attracting the attention of Mars during the recent years of Theodore Roosevelt's performances how could we ever hope to do it?

Finds Use of Freedom.

Pardoned W. S. Taylor has gone to Ft. Scott, Kansas to testify against Fred D. Warren editor of the Appeal to Reason, the Socialist paper. Last spring two socialists who were charged with murder was kidnapped from another state where they were hiding like Taylor, and the Federal courts said it was no violation of law. Warren tried the same medicine on Taylor and offered \$6,000 reward for the capture of Taylor and bringing him back to Kentucky, but it did not work so well with this pet, and he is now facing the serious charge of fraudulent use of the mails and may be put in jail or penitentiary for his foolishness.

Don't forget the big show at Clay City May 20 and drop in to see the Times.

Married.

Charlie McDowell and Mrs. Liza Rose were married at Stanton Tuesday, May 4. They will immediately move to Morehead where the groom has employment.

Hardwick & Co., Stanton.

DENTISTRY.

Dr. F. W. Terhune, Dentist of Lexington is now located for a few days at the Red River Hotel for the practice of Dentistry. Teeth Extracted positively without Pain. Plate work, Crown and Bridge work, Gold and Silver Fillings, Etc., at the lowest prices. Best materials used. Work guaranteed first-class. Satisfaction or no charge made. Teeth examined free.

The Clay City National Bank has another of their splendid statements in this issue. Read it and rest assured that your business when entrusted to this institution is well cared for.

The country newspaper editors will suffer least if the proposed drastic prohibition laws were enacted. They can quench their thirsts with that "due" from delinquent subscribers.

Dr. S. P. Hamman, dentist will be in Clay City May 8 for ten days to practice his profession. All kinds of dental work executed in first-class manner and satisfaction guaranteed.

Mrs. Mary Hoskin, who has been sick at her daughter's Mrs. Grant Elkin at Ford is much improved, now being able to sit up a short while at a time.

The new \$75,000 Christian church was dedicated at Winchester Sunday. \$28,000 was raised on that day before the services and the church dedicated free from debt.

Dr. Laird, Misses Mary Lyle, Mollie and Bessie Hardwick, of Stanton, spent Sunday with Miss Geneva Adams.

Dr. E. O. Guerant will preach at the Presbyterian church in this city Sunday night.

FACTS ABOUT THE TARIFF.

Protection is only another name for robbery. The pretense that the country has prospered because of it is a lie out of whole cloth. The country has prospered in spite of it. American fruitage is so diversified and vast, American energies are so resistless, American ingenuities are so resourceful that nothing could impede our course onward and upward.

That protection will at first stimulate manufacturing enterprises need not be denied. That was the sole purpose and argument of Hamilton and Clay when they proposed a very low tariff for the development of "our infant industries." The policy was purely provisional and tentative. Nobody ever heard of it as a principle until, with "infants" a hundred years old clamoring more for pay—the plea both threadbare and absurd—the Republicans began to talk about "the dignity of labor" and to argue that "high tariff makes high wages."

High tariff makes high prices for the favored manufacturers, high cost to the consuming masses. Wages have no relation to tariffs, but turn everywhere and always upon the laws of supply and demand. The country would be just as great and prosperous if we had had free trade the last fifty years, with a more equal distribution of its wealth, as it is today. The ultimate effect of protection has been to pile up mammoth fortunes in a single section and an exclusive class, at once the father and mother of monopoly and the nurse of trusts and trustism.

Strip the issue of all confusion and surplusage and submit it to the people pure and simple, and the Republican party could not survive through a single national campaign. It is the assurance of this that makes the wiser among the Republicans, led by the President, see the need of what they call "revision." Subterfuge and delay have been from time immemorial the snug harbors of protectionism. Its history from start to finish is the history of tergiversation and corruption, of double dealing and graft. The Democratic party has only to clear the decks for action and to pitch the mutinous into the sea, to sweep the country.

All the money that we need to run the government, economically administered, can be raised on a scale of rovenne duties so simple that every voter may be able to compute to a dollar what tax he has to pay through the custom-house. Not schedule or classification should be allowed to survive. Every schedule is an entrenchment of privilege. Every

classification is a rifle pit from which the male-factors of predatory wealth fire upon the masses of the people. A single tariff line embracing ten or twenty separate items, is all that is wanted, and when this is offered and fairly explained to the voters they will order it.—Courier-Journal.

Last year when the Republican party conceded that the Dingley tariff schedule had really become too high and that party in their national platform declared for a revision of the tariff many voted the Republican ticket thinking the party sincere in its declaration for a reduction. The Times then predicted that if elected the Republicans would revise the tariff but upward instead of downward, and this it will do as demonstrated by the Payne tariff bill now before Congress for passage. The rates provided for in this bill, as it stands, average 1.56 per cent. higher than the Dingley rates. When the maximum and minimum arrangement begins operation they will average 21.56 per cent. higher than the old schedules. This is legislation pure and simple against the laboring people in favor of the richest people in the land.

ADVERTISEMENT FOR BIDS ON Building School-House in Subdistrict No. 9, Spencer, in Fourth Educational Division of Powell County, Kentucky.

Bids will be received by the County Board of Education for Powell County, Ky. on Saturday May 15, 1909 at eleven o'clock a. m. for building a school-house as above stated to the lowest and best bidders; the contractor to furnish all material, and the County School Board reserving the privilege of rejecting any or all bids.

SPECIFICATIONS:

The house is to be a frame house 20 x 30 x 10 feet between floor and ceiling. Sills are to be 6 x 8; with a middle sill. Sleepers 2 x 8; joists 2 x 6; studding 2 x 4; rafters 2 x 4. Said building is to be cyclone box; ceiled on inside; weatherboarding on the outside; two coats of white paint on the outside and bordered with slate or green.

Said building is to have four windows 12 x 28 inches panes, four lights to the window and two windows to the side; and 2 sashes to the window, and both top and bottom sash is to be hung on weights and pulleys; and a window shutter, hung on hinges to each window.

The flue is to be built of brick and swung on iron hooks, which are to come to the surface of the ceiling. The foundation is to have twelve stone pillars and to be put to a depth of not less than twelve inches filled with stone or gravel. One door in the middle of the front end of the house.

The door is to be 2-8 x 6-8 x 1 1/2 thick. The said house is to be covered with first-class shingles. Ceiling and weatherboarding to be of No. 2 common hard pine dressed and tongue and grooved.

Boxing is to be of rough boxing, out of good sound lumber.

The door is to have three hinges and a good steel lock.

The house is to have 6 x 8 x 10 inch cornish with two rows of four inch crown molding. It is to be finished inside with quarter round.

The trusts seem to be doing about as they please; they don't mind paying a little fine occasionally. There are laws on the statute books which if properly

enforced, would put some of the magnates in jail, but—oh, my! That would hurt their feelings.

Catarrh Cannot be Cured with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

Miss Grace Tipton, of Winchester, is visiting relatives near the city.

Eld. B. S. Burgher, of Clark county, was here Saturday and Sunday.

A. E. Rankin, State agent Champion Bridge Company, was in the city Monday.

Mr. and Mrs. Jesse Peerse, of Freestone, Ky., are visiting Mr. and Mrs. E. B. McGlone.

Bert Barnitt, of Winchester, spent several days with relatives in the county the first of the week.

Our Spring Goods are now in. It will pay you to see them.

Hardwick & Co.,

S. W. Russell, of Irvine, was here Tuesday with some machinery to have repaired at our machine shops.

The heavy rains the last of the week destroyed many tobacco beds which may, to some extent, curtail the crop.

Tuesday was pension day and many of the old veterans and a few of the young ones too were in the city to get their papers fixed up.

Sam Martin, of Crawfordsville, Ind., is visiting relatives near the city. Mr. Martin has sold out in Indiana and will go from here to Missouri to reside.

The cool weather and light frosts of the past week is making it very hard on the early planted corn little of which is coming up and what has come up is looking very sickly.

Mrs. Silas Hammans and her daughter, Mrs. A. P. Johnson, are visiting relatives in Indiana. The latter will return after a short visit while Mrs. Hammans will remain all the summer with her daughter, Mrs. Nannie Weaver.

Smasher all Records.

As an all-round laxative tonic and health-builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate stomach, liver and kidneys, purify the blood, strengthen the nerves; cure Constipation, Dyspepsia, Biliousness, Jaundice, Headache, Chills and Malaria. Try them. 25c at all druggists.

More than one hundred lives were lost in the general cyclone over the country last Friday morning, principally all in Tennessee, Arkansas, Mississippi, Illinois and Indiana. No lives were lost Kentucky but much damage was done in different parts of the state by wind and high water.

Kills to Stop the Flend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors \$400.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures Fever Sores, Boils, Felons, Eczema, Salt Rheum. Infallible for piles, Burns, Scalds, Cuts, Corns.

P. A. Wright, formerly of this city, but now of Butler, Mo., renews his subscription to the Times by sending in for two years. Mr. Wright is making a success of life in his Western home and this we are glad to learn.

Editor Beckham.

W. P. Walton, the fighting war horse editor of the Frankfort State Journal, has sold that paper and ex-Governor J. C. W. Beckham will become the editor of the paper under the new ownership. We trust the State Journal will now grow into a mammoth sheet and take the place of a true Democratic sheet, such a paper the Democratic party of Kentucky has been needing since 1896.

Lived 152 Years.

Wm. Parr—England's oldest man married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them 50c at all druggists.

Farming as an Art.

The farmer is often looked down upon by some people who are ignorant of the skill and learning that is required to make a successful farmer. A good farmer who can grow good crops and raise fine stock economically should be looked up to and held in high esteem. But there is even more than that to good farming. There is the business or commercial side of it, the selling of products to the best advantage, and the farmer is often lacking in this respect. They do not put business principles into their work. They often take just what is offered for their product; they do not seem to know that they have a right to set the price as well as the other fellow. He does not generally keep books; he seldom advertises his stuff, and many of them do not even read the agricultural papers.

The successful farmer is a close student, and he must be a broad minded, wide-awake business man in order to get all there is out of farming. It is a big business, and if the same thorough business methods are applied to farming as they are to the other vocations in the commercial world, the other man would be paying what the farmer asks instead of the farmer taking what the other fellow offers.

In dairy farming the farmer is more independent, since he has only his dairy products to market, and he sells the production of the farm proper to his cows, they pay him for it, and return the resultant manure to the land, making it better each year. But even the dairy farmer must be a business man and a lover of stock in order to reap the best harvest from his work.—Farmer's News Scimitar.

Suffering Ladies

are urged to follow the example of thousands of their sisters and take Cardui. Cardui is a non-mineral, non-intoxicating medicine for women. It is for sick, weak ladies, with sick female organs.

TAKE CARDUI

It Will Help You

It is a genuine, curative medicine, that builds up the female system and relieves female pain.

Mrs. M. A. St. Clair, of Eskdale, W. Va., writes: "Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."
